1) MODEL OF CURRICULUM

2) SUBJECT VISION Our Vision for Art and Design

Children are engaged, challenged and inspired to experiment, invent and create their own works of art, craft and design. Children enjoy improving their art and design techniques, including drawing, painting and sculpture with a range of materials. They learn to think critically and develop a deep understanding of how art and design both reflect and shape our history and contribute to the culture, creativity and wealth of our nation.

Children at St Francis C of E Primary School...

Record their observations and use them to review and revisit ideas.

Learn about great artists, architects and designers in history.

Develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space

Use art and design techniques to develop and share their ideas, experiences and imagination

Use a range of materials creatively

3) LEGAL FRAMEWORK

This policy will have regard to the following statutory and non-statutory guidance within the primary national curriculum. Available at: [Primary National Curriculum](#)

4) ROLES AND RESPONSIBILITIES

4.1 Role of Subject Leader

The Teaching and Learning Policy, page 3 – section 1.3 states:

'Subject Leaders will:

- *Develop and review curriculum policies and schemes of work in collaboration with colleagues.*
- *Ensure that all relevant required subject leadership paperwork is carried out, for example, subject action plan and leader reports.*
- *Take accountability for the progress of children in their given subject.*
- *Report on the effectiveness of the curriculum to the senior leadership team and the governing body.*
- *Provide professional advice to the governors' curriculum sub-committee.*
- *Ensure their Scheme of Work details the following: National Curriculum coverage, Objectives, Precise Knowledge, Vocabulary, Links to visits/visitors/experience, Map of prior learning, Links to SMSC, Christian values and mission statement.*
- *Keep up-to-date through reading and attending relevant courses*

- *Sharing subject knowledge and pedagogy amongst colleagues to distribute best practice across the school'*

4.2 Role of Class Teacher

The Teaching and Learning Policy, page 3-4 – section 1.4 states:

Teachers will:

- *Teach using the instructional and pupil culture routine to echo the learning science the teaching and learning is based upon.*
- *Have strong formative assessment within lessons that drives their instruction to ensure children's learning needs are met.*
- *Hold the mindset of 'No-opt Out'; ensure 100% compliance and utilise routines to ensure high engagement in learning from all children, irrespective of ability □ Utilise mixed ability or flexible groups to meet need.*
- *Be reflective practitioners.*
- *Take on board all training opportunities provided by changing and adapting teaching pedagogy.*
- *Accurately monitor and evaluate their teaching against the national teaching standards and their appraisal targets.*
- *Seek professional dialogue and constructive criticism from senior leaders, teaching colleagues or subject leaders.*
- *Review and evaluate their planning regularly to ensure it meets with subject consistencies laid out in subject policy and the staff handbook.*
- *Set appropriate and challenging targets for pupils based on ability.*
- *Collaborate with colleagues to moderate pupil achievement.*
- *Involve parents and other professionals in the learning process.*
- *Complete all relevant assessment data required through the assessment cycle.*
- *Promote a growth mindset for the children, utilising metacognitive research.*
- *Consider the welfare and safety of children and act within the safeguarding policy as we believe effective learners have to be safe learners.*
- *Provide a challenging and stimulating curriculum, designed to encourage all children to reach the highest standards of achievement*
- *Ensure that their lessons develop children's deeper thinking and use strategies to support the transference of knowledge to the long-term memory*
- *Be excellent role models, punctual, well prepared and organised.*
- *Have a positive attitude to change and the development of their own expertise.*
- *Ensure that their teaching promotes the love of learning through the use of a range of strategies, including visits, visitors and experiences.*
- *Manage behaviour consistently through the school's behaviour policy*

5) EYFS PROVISION

The teaching of this subject relates to the following areas of the EYFS framework

ELG 16 Exploring and using media and materials: Children sing songs, make music and dance, and experiment with ways of changing them. They safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.

ELG 17 Being imaginative: Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

The EYFS statutory framework can be found at: [EYFS Statutory Framework](#)

The EYFS non-statutory Development Matters guidance can be found at: [Development Matters](#)

6) THE NATIONAL CURRICULUM

The teaching of the curriculum for the named subject links directly and ensures appropriate coverage of the Primary National Curriculum.

The Primary National Curriculum can be found at: [Primary National Curriculum](#)

7) OUR TEACHING MODEL

Our teaching and learning is based upon research around how learning works. This is the foundation as to how we teach at St. Francis CEP School.

Tom Sherrington – Rosenshine’s Principles in Action

A simple model for how memory works is based on the concept of building schemata in our long-term memory, as follows:

See section 4 of our Teaching and Learning Policy for more information as to how we teach to support this model. Our Teaching and Learning Policy can be found [here](#).

The Teaching of Art

As a foundation subject, art is mostly taught during three half terms in each class. Teaching staff follow the sequenced step planning based on the 'Knows and Shows' stipulated by the subject leader for every art unit.

Art at St Francis encompasses the different strands as required by the National Curriculum: drawing, painting, printing, sculpture, texture and a study of artists and designers. The units include famous and lesser known artists to study such as Eric Gaskell, a local artist who creates prints of canals, and Frida Kahlo. The main focus for the art units is diversity: art from around the globe as well as local, is included.

Children from Year 2 have their own sketch books in which to record their pieces of art work and developing skills. Teaching staff are also encouraged to display art work in their classrooms and around school to foster a sense of pride in children's creations.

8) PLANNING

Planning of the subject has been completed to ensure progression in knowledge as the children move through the school. The Long-term plan for this subject area can be found on our curriculum section of our website: [Curriculum Section of Website](#)

The detail of content, including precise knowledge has been set for each year group as outlined in the Long-Term Plan. It is the role of the class teacher to place this into short-term planning to cover in their classes.

The teaching and learning policy demands that teachers plan the outlined content taking consideration of the following:

- Cognitive load
- Learning organisation
- Learning progression
- Learning steps
- Sequential – retrieval practice
- Mode A:Mode B Teaching

The Teaching and Learning Policy, section 5.8 (page 11), defines Mode A:Mode B teaching as:

During the planning process, the teacher will identify which type of teaching is required.

Mode A:

Every teacher needs to be able to deliver high-quality instructional teaching. This is Mode A. Explaining, Modelling, Questioning, Checking for Understanding, Guiding Practice. This is identifying when content requires explicit instruction.

Mode B:

Mode B teaching usually involves content that would benefit from a child-led, curious and inquisitive approach, for example, a science experiment. "I have put some resources on your table, explore and come up with some statements and/or questions to share"

Teachers will use instructional routines throughout Mode B teaching.

Unlike Mode A teaching, which will be a daily default, Mode B elements can be woven into the curriculum at varying frequencies. Some elements might be daily, some weekly or monthly, some might happen once per unit of learning or just once a year. Mode B elements offer a depth and richness that supplements the staple diet of Mode A. There are no hard and fast rules and whole lessons could easily be devoted entirely to one mode or the other.

Section five of the teaching and learning policy sets out the processes of planning in our school.

Our Teaching and Learning Policy can be found [here](#).

9) ASSESSMENT

Teacher assessment data can be found on INSIGHT. Children are assessed against the objectives taught.

Section six of the teaching and learning policy sets out the processes of assessment in our school.
